

## ***FROM THE HOME OF STEVE AND KAREN MAZUREK***

Dear Guest,

Welcome to our home! It is with great pleasure that we offer our home to Steve Belanger, owner of Belanger Builders, Inc., so he may share his remodeling expertise with you.

Our master bedroom addition, completed two years ago, continues to be one of the best things we have ever done. It is not only our bedroom, it is our upstairs "family room" for us and our children. Belanger Builders also remodeled our children's bathroom upstairs and built our deck on to meet the needs of our pool.

Working with Steve was an amazing experience from beginning to end. From our first visit together planning, designing and figuring costs we were very impressed. Steve exudes honesty from your initial contact with him and he lives up to it every step of the way. Every commitment Steve made to us he met with a smile.

The quality of Belanger Builders workmanship is exquisite. We have had very few needs to contact Steve with issues and those that arose were corrected in a very timely fashion.

We strongly recommend Belanger Builders, Inc. for all your remodeling needs. We guarantee you will be thrilled with your choice. If you have any questions we would be happy to speak with you. We can be reached at 227-3682.

Good Luck,

Steve and Karen Mazurek

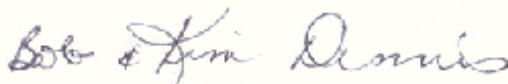

*To anyone looking for an excellent builder,*

*We highly recommend Belanger Builders for any building, remodeling, or construction work you are considering. It is not very often that someone exceeds your expectations. When they do, it is a delight to recommend them to others.*

*Listed below are the highlights of our experience with the company*

- *The president of the company, Steve Belanger, is very hands-on. He visited regularly, was always available by phone, and was a pleasure to work with. Whenever we came up with a desire, Steve always worked to figure out how to give us what we wanted. He was great with ideas, helped us find reasonable solutions, and even saved us money. Best of all, he is one of the most honest and honorable people we have had the pleasure to know.*
- *The crew was excellent. They provided great workmanship, were fun to have around, and were very respectful of our family. The project was completed in a timely fashion and a clean site was maintained during construction. We lived on site during the construction and we all missed the "guys" when they were finished.*
- *Although we had excellent architectural drawings and plans, the crew and Steve suggested possible improvements as the project progressed. These "little" things added a great deal to our satisfaction in the final results. Steve was realistic about the cost of the project and any changes. He made sure we were well informed of all aspects of the project.*
- *Someone in the building industry told us that if you are still speaking to your builder at the end of the project, you have done well. Not only are we still speaking to Steve, we recommend him highly to everyone we know considering a construction project. Choosing a builder is the most important decision you will make in your project. We can't imagine anyone could choose better than Belanger Builders.*
- *If you are considering Belanger Builders and have any questions, we would be happy to speak to you personally. If you would like to visit our home and see first hand the quality of work the company provides, we'd be happy to have you visit.*

*Sincerely,*

*Bob and Kim Dennis*

Steve -

Thank you for all of your help with not only our siding, but all of the little "fixes" along the way. If you ever need to provide a reference, we'd be happy and proud to show off the beautiful work your company did for us.

Bob & Donna Campbell

Thank you,

Thyri H. H.

Mr. Belanger / Belanger Builders Inc.

As I look at the room addition & bathroom your company has built for my mother, I see such fine workmanship and design. Everything went so smooth, calls return promptly dates of scheduled work were met and each and every craftsman sent, was pleasant and knowledgeable about the process and work being done. Working with a company of your standards make building and remodeling a little more pleasant. The room is beautiful!
